Gentlemen:

SUBJECT: Application for Amendment of Operating License (TAC No. 86928)

Enclosed please find the supplement to Omaha Public Power District's (OPPD) "Application for Amendment of Operating License" which was submitted to the NRC in Reference 3, seeking to amend the Fort Calhoun Station (FCS) Unit No. 1 Technical Specifications to incorporate administrative changes. This supplement proposes administrative changes to amend Technical Specification 5.9.5 deleting the revision numbers and dates of the core reload analysis methodology topical reports.

Attachment A contains a markup reflecting the additional requested changes of the Technical Specifications supplementing Reference 3. Attachment B provides replacement pages for pages 1, 7, 8 and 9 of the "Discussion, Justification and No Significant Hazards Consideration" transmitted in Reference 3.
