Edwin I. Hatch Nuclear Plant

July 21, 1982
PM-82-702

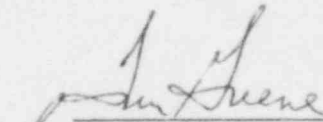

PLANT E. I. HATCH
Licensee Event Report
Docket No. 50-321

United States Nuclear Regulatory Commission
Office of Inspection and Enforcement
Region II
Suite 3100
101 Marietta Street
Atlanta, Georgia 30303

ATTENTION: Mr. James P. O'Reilly

Reportable Occurrence 50-321/1982-46 was mailed to the NRC office on July 6, 1982. It was later discovered that the correct Reportable Occurrence number was 50-321/1982-35. The deviation report was revised to correct the error. The writer of the LER, however, submitted the response before he received the redistributed copy so that the LER was submitted with the incorrect number 50-321/1982-46. This same LER is being resubmitted as 50-321/1982-35 to correct the error.

If you have any questions concerning this letter, please contact S. B. Tipps at (912) 367-7581, extension 2378.
