Dear Dr Morris:

MONTICELLO NUCLEAR GENERATING PLANT E-5979
Operating License DPR-22
Environmental Report

On November 5, 1971 we submitted the Environmental Report required under provisions of Section B.1 of Appendix D to 10 CFR Part 50. On January 31, 1972 we submitted 300 copies of errata sheets for these reports. Your letter of February 15, 1972 requested that we submit 300 copies of the corrected pages that the errata sheets referred to.

You are being sent, under separate cover, 300 copies of new errata sheets superseding those previously sent. In response to your request we are also furnishing 300 copies of replacement pages with corrections keyed to the listed errata. These corrections are of a minor nature and do not change the intent of the Environmental Report. We trust this new handling will facilitate conveyance of the corrections to holders of the Environmental Report that you have supplied.

Yours very truly,

E C Ward, Director
Engineering Vice Presidential Staff
