SUBJECT: Virgil C. Summer Nuclear Station  
Docket No. 50/395  
Operating License No. NPF-12  
July Monthly Operating Report

Gentlemen:

Please find enclosed the July 1990 Monthly Operating Report for the Virgil C. Summer Nuclear Station Unit No. 1. Please note that revised copies of Attachment II for the months of March, April, May and June are included to correct an error in the March net generation figure.

Also enclosed is revision 13 of the Offsite Dose Calculation Manual (ODCM) for Virgil C. Summer Station. This revision implements changes that are necessary to permit removal of the radiological effluent specifications from Technical Specifications as recommended by Generic Letter 89-01. Also, the set point calculation for Radiation Monitors RM-A3 and RM-A4 was modified as a result of corrective actions taken with respect to Licensee Event Report 90-003. This submittal is made in accordance with the requirements of Technical Specifications, Section 6.9.1.10.

If there are any questions, please call me at your convenience.

Very truly yours,

O. S. Bradham
