**Subject:** Public Meeting on Status of Spent Fuel Reprocessing Rulemaking

Hello Mr. van Noordennen,

The NRC would like to notify you of a public meeting being held on Wednesday, March 4, 2020 at NRC HQ in Rockville, MD in regard to the status of the spent fuel reprocessing rulemaking.

EnergySolutions has previously expressed support for the rulemaking, along with an interest in constructing a spent fuel reprocessing facility (ADAMS Accession No.

ML13016A043). At the public meeting on March 4, NRC is interested in hearing from EnergySolutions during the public comment period what the current intention of EnergySolutions is with regard to the construction, licensing and operation of spent fuel reprocessing facilities. Please note that spent fuel in this context refers to LWR fuel.

More information can be found via the following link:

<https://www.nrc.gov/pmns/mtg?do=details&Code=20200154>

Please let me know if you have any questions.

Regards,  
Wendy
