Subject: Acknowledgement of Receipt of Framatome's Annual ISA Summary Update and Summary of Calendar Year 2019 Facility Changes - Dated January 23, 2020 (Docket: 07001257; License Number: SNM-1227)
Date: Monday, March 02, 2020 3:55:00 PM

Mr. Tate:

This is to acknowledge receipt of your submittals dated January 23, 2020, transmitting Framatome's Integrated Safety Analysis (ISA) Summary Annual Update (Agencywide Documents Access and Management System [ADAMS] Accession Number ML20028D806), and Framatome's Summary of Facility Changes Made during Calendar Year (CY) 2019 (ADAMS Accession Number ML20027A087).

The staff from the Office of Nuclear Material Safety and Safeguards, Division of Fuel Management, completed a preliminary review and referred your submittal to the U.S. Nuclear Regulatory Commission (NRC) Region 2 inspection staff for further evaluation and follow-up, as needed.

Regarding the Summary of the CY 2019 Facility Changes, as discussed in Staff Requirements Memorandum for SECY-16-0009, "Recommendations Resulting from the Integrated Prioritization and Re-Baselining of Agency Activities" (ADAMS Accession Number ML16104A158), the NRC licensing staff is no longer performing detailed reviews of such changes. Therefore, we are referring the CY 2019 Facility Changes to the NRC inspection staff for an evaluation of the changes during a future inspection of your facility's licensed activities. Please note that no cost activity code is being assigned to this action.

In accordance with Title 10 of the *Code of Federal Regulations*, Section 2.390, "Public inspections, exemptions, requests for withholding," of the NRC's "Agency Rules of Practice and Procedure," a copy of this communication will be available electronically for public inspection in the NRC Public Document Room or from ADAMS. ADAMS is accessible from the NRC Web Site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions regarding this matter, please contact me.

Thanks.

Osiris Siurano-Perez
Project Manager
Fuel Facility Licensing Branch
