RE: License No. 09-23866-01E
Amglo Kemlite Laboratories, Inc.

To Licensing Section;

This letter is submitted to inform the Licensing Section of the planned termination of License No. 09-23866-01E issued to Amglo Kemlite Laboratories, Inc. for the production of lamps containing Kr-85 gas. Amglo is working with the Florida Department of Health Radioactive Materials Section under License 3010-1 on the decommissioning of the site and removal of radioactive materials and associated wastes.

Upon completion of the decommissioning activities a formal notice to terminate License 09-23866-01E will be submitted with NRC form 314 and the results of the decommissioning work. Amglo staff are working to complete these activities by the February 29, 2020 license expiration date.

If you have any questions or require additional information please contact me at 727-812-2000 or our consultant John Upton of AEC at 863-640-6780.

Sincerely

Izabela Christian
