Please do not transfer to Holtec.

1/ Holtec has never decommissioned a nuclear plant.

2/ Holtec is not trustworthy - they were suspended from work with TVA, for bribery, then caught for lying about the suspension when applying for the largest tax credit in NJ's history.

3/ Holtec is not competent - Numerous whistle-blowers have indicated safety problems on Holtec projects; they take dangerous short-cuts; they have a poor record of employee protections.

And we are dealing with the most potentially dangerous project in NYS. This needs to be done right.
