December 8, 1982

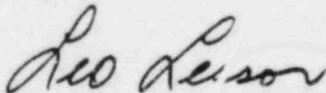

Dear neighbor of Cooper Nuclear Station:

In a few days you should be receiving a revised copy of NPPD's Emergency Planning Information Booklet pictured below. The updated booklet will have a blue cover, and the words "Revised November, 1982." When you receive your blue booklet, please destroy the green booklet which you now have.

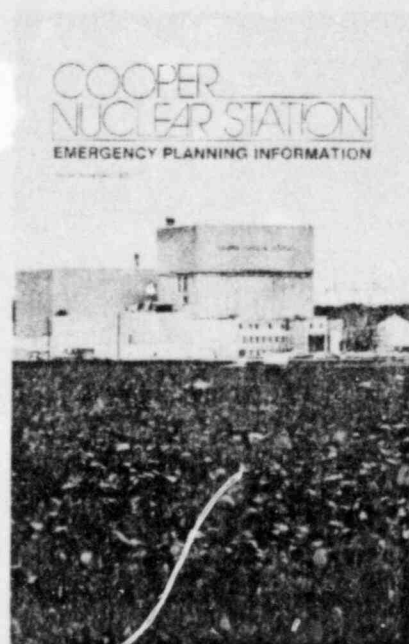

According to the requirements of the Nuclear Regulatory Commission, which regulates the operation of all nuclear power plants in the U.S., NPPD will be reviewing its emergency planning procedures annually. Updated information will be sent to you when necessary.

NPPD has always put health and safety first in the operation of its generating plants and we promise to continue to do so. We appreciate your cooperation in receiving emergency planning information.

Sincerely,

Leo Lessor  
Station Superintendent  
Cooper Nuclear Station
