Re: Application of Philadelphia Electric
Company, No. 50-352, 353

Dear Judges:

Enclosed for filing is Petitioner's request to be permitted to file contention to deal with the issue of the current viability of the river follower method, both relatively and absolutely, in light of the increased cost of construction of Unit 1, combined with other factors.

I appreciate the Board's consideration in this matter.

Sincerely,

Robert J. Sugarman
