Lenny Olshan :

I'm informally forwarding herewith two (2) copies of the draft system writeups & fault trees for the following systems:

- (1) IP2 - Accumulator System.
- (2) IP2 - Reactor Protection System.

Please recognize that our formal review is not complete and these writeups are subject to change prior to the formulation of the final report. Other IP2 systems will be forthcoming shortly.

By copy of this note, two (2) copies of these draft system writeups are also being provided to Jack Hickman of Sandia.
