SUBJECT: BRIEFING ON THE DEPARTMENT OF ENERGY (DOE) DRAFT 5-YEAR PLAN
FOR ADVANCED REACTOR ACTIVITIES

As requested in your letter of April 14, 1994, I am responding to your invitation for the Nuclear Regulatory Commission (NRC) to have someone attend a briefing on Wednesday, April 27, 1994, on the DOE draft 5-year plan for advanced reactor activities under the Energy Act of 1992.

Although in earlier discussions with the MHTGR project I stated that someone would attend the briefing for the NRC, it has since been decided that there will not be someone from NRC attending the briefing. We, however, appreciate your invitation to attend the briefing.

We are reviewing the draft 5-year plan submitted in your letter dated March 30, 1994, and will provide comments to you by letter in the near future.

If you have any questions, I can be reached at 504-3128.
