Docket No. 50-382
EQ Audit Follow up

Reference: NRC letter G. W. Knighton To L. V. Maurin
dated January 28, 1983

Dear Mr. Knighton:

The referenced letter requested new QDEFs on equipment qualification. Per a telephone conversation between Sharon Jones of LP&L Licensing and Hukam Garg of the Equipment Qualification Branch, it is my understanding the the NRC has the latest revision (4a) of the subject QDEFs. Mr. Garg received revision 4a at the time of the recent (January 1983) EQ Audit. This letter serves to document the official transmittal of the QDEFs which occurred during the audit.

It is our position that this information will be sufficient to close out EQ Audit item 25.

If you have any questions, please advise.

Yours very truly,

L. V. Maurin
