Re: Docket No. 50-275, OL-DPR-76
Diablo Canyon Unit No. 1
License Amendment Request No. 83-02

Dear Mr. Denton:

Enclosed are three (3) signed and six (6) conformed copies of an application for an amendment to Facility Operating License No. DPR-76 dealing with the plant security plan. We request approval of this application by March 4, 1983.

Pursuant to 10 CFR 170.22, Pacific Gas and Electric Company has reviewed the proposed changes and determined that a Class III amendment fee is applicable as the amendment involves a single issue that is deemed not to involve a significant hazards consideration. Accordingly, enclosed is a check in the amount of \$4,000 in payment of the required Class III amendment fee.

The enclosure contains safeguards information which is to be protected against unauthorized disclosure in accordance with the requirements of 10 CFR 73.21.
