Attention: Mr. A. Schwencer, Chief
Licensing Branch No. 2
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, DC 20555

Subject: LaSalle County Station Unit 1
Proposed Amendment to NPF-11
Appendix A Technical Specifications
Regarding CO₂ Tank Level
NRC Docket No. 50-373

Dear Sir:

The purpose of this letter is to request the following change in Technical Specifications for LaSalle County Station Unit 1:

Change Request NPF-11/83-02

Revise the level requirements for the CO₂ storage tanks. This change is a single issue which does not involve a significant hazards consideration, and, as such, is one example of a Class III amendment.

This proposed change is addressed in the attachment and has received onsite and offsite review and approval. Attachment B lists the status of Technical Specification Change Requests for LaSalle.

Pursuant to 10 CFR 170, this change reflects one example of a Class III amendment. A remittance of \$4,000.00 is, therefore, enclosed.

Please contact this office if there are any questions in this matter.

Three (3) signed originals and forty (40) copies of this transmittal and attachments are provided for your use.

Very truly yours,

CW Schroeder 2/24/83
