Subject: Organizational Chart Update; Shift Technical Advisor

Dear Sir:

Pursuant to Section 50.59 of the Commission's Rules and Regulations, Vermont Yankee Nuclear Power Corporation hereby proposes the following modifications to Appendix A of the Operating License.

PROPOSED CHANGE

The change involves a revision of pages 190-a, 192, and 193 of the Vermont Yankee Technical Specifications. The revision to pages 190-a, 192, and 193 simply reflects a change in the title of the Shift Technical Advisors to Shift Engineers. The revision to page 192 additionally reflects a change in the reporting line of the Shift Engineer to the Operations Shift Supervisor.

REASON FOR CHANGE

This change is prompted by the events described in Reference (b), as well as an internal assessment of the current Shift Technical Advisor (STA) program. The conclusion of both reports is that the STA function must be fully integrated with the operating crew. The method selected for achieving this objective is to transfer administrative responsibility for the STA program from the Technical Services Superintendent to the Operations Department, as allowed by Reference (c).

SAFETY CONSIDERATION

This proposed change is administrative in nature and has no safety or environmental significance.

check

This proposed change has been reviewed by the Vermont Yankee Nuclear Safety Audit and Review Committee.

FEE DETERMINATION

This change is pro forma, administrative in nature, and has no safety or environmental significance. For these reasons, Vermont Yankee Nuclear Power Corporation proposes this change as a Class II amendment which requires a fee payment of \$1,200.00. A check in the amount of \$1,200.00 is enclosed.

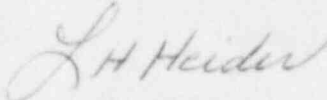

SCHEDULE OF CHANGE

Approval of this change is requested by April 22, 1983, which is the expected startup date following our 1983 refueling outage.

We trust you will find this information satisfactory; however, should you desire additional information, feel free to contact us.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION

L. H. Heider
Vice President

JBS/dd

COMMONWEALTH OF MASSACHUSETTS)
)ss
MIDDLESEX COUNTY)

Then personally appeared before me, L. H. Heider, who, being duly sworn, did state that he is a Vice President of Vermont Yankee Nuclear Power Corporation, that he is duly authorized to execute and file the foregoing request in the name and on the behalf of Vermont Yankee Nuclear Power Corporation and that the statements therein are true to the best of his knowledge and belief.
