Director of Nuclear Reactor Regulation
Attention: Mr. A. Schwencer, Chief
Licensing Branch No. 2
Division of Licensing
U. S. Nuclear Regulatory Commission
Washington, DC 20555

Subject: LaSalle County Station Unit 1
Inservice Test Plan - Pumps and Valves
NRC Docket No. 50-373

- References (a): July 13, 1982 letter, from C.W. Schroeder to A. Schwencer, Transmitted of revised Inservice Inspection Program for Unit 1 (dated June 3, 1982).
- (b): November 3, 1982 letter from C.W. Schroeder to A. Schwencer providing update for revised Inservice Inspection Program, Unit 1.
- (c): Field Visit of A Bournia and EG&G Consultants to LaSalle Station on September 14, and 15, 1982.

Dear Sir:

The enclosed addenda to the Unit 1 Inservice Inspection Test Plan is formatted to fit into the ISI Program document provided via References (a) and (b) above. This submittal comprises the Pump and Valve Test Program for LaSalle Unit 1. This submittal incorporates those considerations and recommendations resulting from the Reference (c) field activity. This submittal also updates the LaSalle ISI program to the 1980 Edition through Winter 1980 Addenda of ASME Section XI which is Commonwealth Edison's standard for BWR's.

One (1) signed original and ten (10) copies of this letter and addendum are provided for NRC use. Instruction sheets are provided to assist recipients in entering the addenda into the ISI Program document.

By copy of this letter, two (2) copies of this addendum are being provided directly to the NRC's contractor, EG&G.

To the best of my knowledge and belief the statements contained herein and in the attachments are true and correct. In some respects these statements are not based on my personal knowledge but upon information furnished by other Commonwealth Edison and contractor employees. Such information has been reviewed in accordance with Company practice and I believe it to be reliable.

If there are any further questions in this matter, please contact this office.

Very truly yours,

CW Schroeder 2/22/83

C. W. Schroeder
