SUPPLEMENTARY TESTIMONY  
ROCKLAND COUNTY

---

NAME:

RUTH WEIN

- Q. State your name, title and address.
- A. I am Ruth Wein, Director of the Rockland County Association for the Visually Impaired, a private not-for-profit agency for the blind of Rockland County, located at Pomona, New York.
- Q. Have you reviewed your testimony as previously submitted to the Atomic Safety and Licensing Board.
- A. Yes.
- Q. Do you wish to update or supplement that testimony?
- A. Yes. There has been some change in the numbers of blind residents known to us in the crucial areas since my last testimony. The change has been an addition of three names known to us making a total of 29 blind residents. My testimony stands as submitted. We have not been contacted further by anyone in connection with development of the plan.

However, since the hearing, I did receive from Donald P. McGuire, Deputy Director of the Office of Emergency Services in August, 1982, a list of 130 disabled persons within the "prime" area. This list included 19 people designated as "S.I." which I interpret as sight impaired. Only 4 of these 19 duplicate individuals known to Rockland County Association for Visually Impaired.
