Docket No. 50-334, License No. DPR-66
Beaver Valley Power Station Emergency Preparedness Plan

Gentlemen:

In keeping with the established submission schedule for review of the stations annual Emergency Preparedness Exercise, Duquesne Light Company is providing the attached description of the exercise scenario sequence of events and anticipated Beaver Valley Power Station actions for the scheduled February 16, 1983 full scale exercise. This submission follows the November 23, 1982 submission of the exercise scope and objectives description.

To keep the exercise efforts progressing in an orderly manner and to enable Duquesne Light Company to meet the next submission date for a controller/prompter packages, Duquesne Light Company requests that any comments or requests for modification to the submitted material be provided to Duquesne Light Company no later than January 10, 1983. Your cooperation on this matter is greatly appreciated and will help ensure that the completed exercise package will be one that results in the successful conduct of this exercise.

Duquesne Light Company contacts related to the exercise and its preparation should be directed to:

Mr. W. Wirth or Mrs. D. J. Miller
