Mr. David Rohrer
Division of I&E
U.S. Nuclear Regulatory Commission
East-West Tower South Building
Room 312-A
Washington, D.C. 20555

Dear Mr. Rohrer:

We are transmitting herein revisions to several emergency preparedness related documents. The changes affect the following document binders:

Station RERP Implementing Procedures

In the Station RERP Implementing Procedures, the general format for procedures with worksheets is to file the procedure body under the tab marked with the procedure title, and the worksheets under the tab marked "Attachments," which immediately follows the procedure tab. The attachments are separated from the procedure by a blue sheet to assist in filing. The following procedures are being transmitted for filing in the station RERP Implementing Procedures.

RERP-HOME, Issue 3
RERP-CR-UE, Issue 16
RERP-VC, Issue 2

If there is confusion as to which issue is most recent whenever multiple copies are received in a short period of time, the highest issue number is always the most recent issue of a given procedure.

If difficulties or questions arise in filing these procedures, please feel free to contact Mr. J. M. Sills at (303) 785-2224, extension 283 for assistance.

Very truly yours,

Don W. Warembourg
