FREEDOM OF INFORMATION ACT REQUEST

Dear Mr. Felton:

Pursuant to the Freedom of Information Act, 5 USC § 552, as amended, and the provisions of 19 CFR Part 9, the undersigned hereby requests the following items:

1. All documents, memoranda, correspondence, etc. concerning the risk to the Perry Nuclear Power Plant from low trajectory turbine missiles (excluding CP and OL stage SERs, which this requester possesses). This information is relevant to Issue #13 in the Perry OL proceeding, Docket Nos. 50-440/441. See October 29, 1982 Memorandum and Order, LBP-82-98.
2. All Commission guidelines or criteria (excluding Regulatory Guide 1.115) or other documents concerning (generically) the risks from and protective measures from turbine missiles. This pertains to Issue #13 in the Perry proceeding. See LBP-82-98.
3. Any new or additional documents generated since your response to my FOIA request of December 22, 1981 (FOIA-81-516) concerning the use of in-core thermocouples in BWRs, particularly in BWR/6 reactors (see item 13 of that request). This information relates to Issue #14 in the Perry proceeding. See LBP-82-98.
4. All documents concerning steam erosion, as identified in IE Information Notices 82-22 and 83-23, particularly any instances in BWRs, and any guidelines or criteria the staff has or may develop concerning the prevention or mitigation of the effects of steam erosion. This relates to Issue #15 in the Perry proceeding. See LBP-82-98.

In accordance with your policy as stated in the response to my earlier request, FOIA-81-516, I request that 75% of the fees incurred for the search and production of these documents be waived, since they all relate to issues admitted in the Perry proceeding. I agree to accept the residual (25%) charges.

Sincerely,

Susan L. Hiatt
