Dear Mr. Miller:

This letter is in regard to fees paid for amendments to Browns Ferry units 1, 2, and 3 and Sequoyah unit 1 operating license. We requested by letters dated January 21, 1980, for Browns Ferry and November 24, 1980, for Sequoyah that the licenses be amended to allow storage of low-level radioactive waste on site. It appeared this type request would be a 10 CFR Part 50 change and the appropriate fees were submitted. However, when we received the licenses authorizing storage of low-level radioactive waste at the sites, they were 10 CFR Part 30 licenses.

We believe in accordance with the provisions of 10 CFR 170.11(a)3 an amendment fee is not required. Therefore, we hereby request a refund of \$4,800 for Browns Ferry and \$4,000 for Sequoyah.

If you need to discuss this request or if we can be of any assistance, please get in touch with P. J. Hammons of my staff at FTS 858-2736.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
