Dear Judge Hoyt:

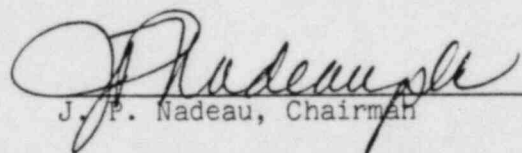

Both Senator Rudman and Congressman D'Amours have contacted us about finding a suitable place for you to hold hearings on the licensing of the Seabrook Nuclear Plant in August.

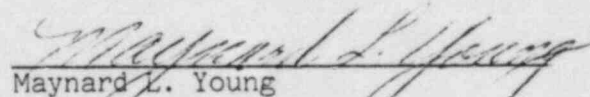

We will be very happy to offer you the use of our Junior High School Auditorium which sits about 500 people and in which we hold our Town Meetings, etc. Nearby is the room which the school nurse uses when school is in session with a bathroom which we can make available to you for your personal use during the hearings.

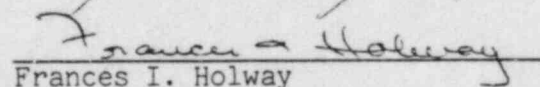

We understand you have also been offered space in the Strafford County Superior Court which is somewhat better than Boston but still quite a distance from the affected areas. Rye is only about 12 miles from the plant.

Many, many people are very concerned about Seabrook so we hope you will make it convenient for them to attend the hearings.

Very truly yours,

J. P. Nadeau, Chairman

Maynard L. Young
