The Honorable Nunzio Palladino, Chairman
Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Chairman Palladino:

I was deeply disturbed that letters of support sent by Governor Alexander, Senator Howard Baker and many other officials elected to represent the people of Tennessee were totally disregarded and omitted from N.R.C.'s staff report on the Clinch River Breeder Reactor Project.

I can only surmise that the N.R.C.'s staff's mind was already made-up and that they did not want to be confused by the facts. It is my sincerest hope that the letters sent by the Governor and the United States Senate Majority Leader as well as numerous elected officials can be retrieved from the staff's trash can and be included in a supplement to that totally biased report.

Sincerely,

A handwritten signature in cursive script that reads "Randy".
