Dear Mr. Collins:

Enclosed is a check in the amount of \$4,000 for the payment of fees associated with the Radiological Environmental Technical Specifications (RETS) changes proposed in Reference (2).

Since Reference (2) was submitted at the request of the Nuclear Regulatory Commission to reformat the RETS portion of the Reference (1) submittal into the standard format developed by consultants from EG & G under contract with the Nuclear Regulatory Commission, it is Public Service Company of Colorado's (PSCo) understanding that the enclosed check will also satisfy the fee

payment requests made in References (3) and (4). Public Service Company regrets the delay in fee payment, but a major management organization took place at the Fort St. Vrain station shortly after the submittal of Reference (2), and the remittance of Technical Specification amendment fees was inadvertently overlooked.

If you have any questions, please contact me at (303) 785-2224.

Very truly yours,
