Docket No. 50-387

Dear Mr. Allan:

Change N to the Susquehanna SES Physical Security Plan is attached. PP&L has determined that the changes do not decrease the safeguards effectiveness of the plan and may therefore be made without prior commission approval. In accordance with 10CFR50.54(p) and discussions with your Mr. W. Kushner and Mr. R. Perch of NRR, two copies of Change N are provided directly to Region I as an attachment to this letter. Five copies of Change N are being forwarded separately to NRR. Pursuant to Section 2.790(d) of 10CFR Part 2, the attachment should be withheld from public inspection.

Very truly yours,

B. D. Kenyon
Vice President-Nuclear Operations
