President and Chief Executive Officer  
Cincinnati Gas and Electric Company  
139 East Fourth Street  
Cincinnati, Ohio 45202

Dear Mr. Dickhoner:

The purpose of this letter is to place on record our meeting on May 26, 1983 to discuss planned changes to our initial Program Plan and the results of our public meeting with NRC earlier in the day.

A copy of our revised Program Plan, Document No. GA-C17044, Rev. A, dated May, 1983 and a copy of TPT's presentation at the public meeting were given to you.

As noted at our meeting, NRC generally expressed a positive response to the proposed changes. They requested that CG&E interfaces with Reactor Control, Inc. (RCI) be added to the scope. They plan to review the Program Plan and will advise us of any additional comments.

With your concurrence, we are proceeding with the revised Program Plan including the addition of RCI.

Sincerely,

A. J. Neylan  
Project Manager
