In the matter of
Public Service Company of New Hampshire, et al.
(Seabrook Station, Units 1 and 2)
Docket Nos. 50-443 OL and 50-444 OL

Dear Administrative Judges:

I have been informed by the Massachusetts Civil Defense Agency that it will be unable to meet the target date of June 1, 1983, for submission to FEMA of the State Area Plan for the Seabrook facility. Civil Defense will not even receive a draft from the firm which is doing the initial work on that Area Plan for at least a month. For that reason, and because of the vacation plans of persons who will be involved in the review of the plan, the new target date for submission of the Area Plan is August 15, 1983.

I have also been informed by the Town of Merrimac that it has held one meeting to review the draft planning document prepared for it with the private contractor responsible for the draft and has scheduled another meeting for June 15, 1983. Because the contractor was late in supplying the draft to

Merrimac officials, a formal response from the Town will not be possible until after that meeting.

Very truly yours,

Jo Ann Shotwell
Assistant Attorney General
Environmental Protection Division
Public Protection Bureau
Department of the Attorney General
