Docket 50-193

Gentlemen:

In the coming months, we plan to make a shipment of spent fuel from Narragansett, Rhode Island to the reprocessing plant at Savannah River (Aiken), South Carolina. For the shipment we will rent the BMI-1 cask from Battelle Columbus Laboratories.

We have, of course, already made three (3) shipments to South Carolina. The last shipment was over a route which was approved by your letter dated December 16, 1980, SGPL:CRH, 50-193. Please recall that the route segments *3 and *4 in Rhode Island and Connecticut were modified before we used the approved route. The modifications were made to avoid travel through "downtown" Westerly, Rhode Island.

We would appreciate receiving a new approved route.

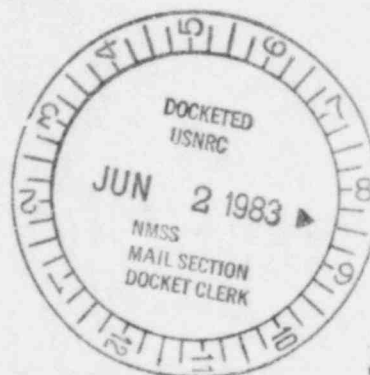

Very truly yours,

A. Francis DiMeglio
