Dear Mr. Keppler:

References (a) and (b) provided the original 180-day response and subsequent revision for the subject bulletin for our Dresden and Quad Cities Stations. Enclosed is Revision 3 to the forementioned 180-day responses which incorporates design criteria development that has occurred since the last revision. This revised report is intended to finalize our response for this bulletin.

As noted in Reference (c), all work is complete at Quad Cities Station and all work will be completed at Dresden Station by July 15, 1983.

To the best of my knowledge and belief the statements contained herein and in the attached report are true and correct. In some respects these statements are not based on my personal knowledge but upon information furnished by other Commonwealth Edison employees and consultants. Such information has been reviewed in accordance with Company practice and I believe it to be reliable.
