Dear Mr. Jones:

Enclosed are two revised tables with their corresponding graphical representations for the Diablo Canyon Power Plant annual report, which include additional data for heavy metal analysis results. These monitoring results have been included in previous reports, but were inadvertently not included in the computer data base which was used to produce the tables and graphs for the annual report. Please replace the corresponding pages in the annual report with the enclosed pages.

If you have any questions, please call Mr. J. V. Boots at (805) 595-7351, ext. 3345.

Sincerely,

R. C. THORNBERRY
