Re: McGuire Nuclear Station
Docket Nos. 50-369, 50-370

Dear Mr. Denton:

Attached are ten copies of the revised Offsite Dose Calculation Manual (ODCM) for McGuire Units 1 and 2 which supercedes the one submitted on August 22, 1980. Although revisions are normally submitted with the next Semiannual Radiological Effluent Release Report, this revision is being submitted early to facilitate NRC review for McGuire Unit 2. Please note that the meteorological information in the ODCM will be revised by August 31, 1983 on the basis of more recent meteorological data.

Very truly yours,

H. B. Tucker / HBT

Hal B. Tucker
