Beaver Valley Power Station, Unit No. 1  
Docket No. 50-334, License No. DPR-66  
Semiannual Effluent Report For The Second Six Months of 1982

Gentlemen:

Under the Beaver Valley Power Station Unit No. 1 License DPR-66, and in accordance with the requirements of Section 5.6.1.B of the Environmental Technical Specifications, the Semiannual Effluent and Waste Disposal Report is hereby submitted. This report has been prepared in accordance with USNRC Regulatory Guide 1.21, Revision 1, and the format presented in Appendix B of that guide.

The dose estimations for the second six months of 1982 have not been completed at this time; however, this data will be reported to you as soon as possible. Also, complete strontium composite analysis has not been completed at this time due to counting equipment malfunction. This data will also be reported to you as soon as possible.

Very truly yours,

*JJ Carey / RFB*
