MONTICELLO NUCLEAR GENERATING PLANT
Docket No. 50-263 License No. DPR-22

Submission of Revision 13 Pages for
Monticello Security Plan

Pursuant to 10 CFR 50.54(p) attached are five copies of REV 13 pages for the Monticello Security Plan. Instructions are provided for entering the revised pages in the previous complete Security Plan revision.

This revision is incorporated to facilitate access to the west side of the protected area in the event of an emergency. We conclude that this change does not decrease the effectiveness of the Monticello Security Plan.

This revision to the Monticello Security Plan contains Safeguards Information as identified by the Commission in 10 CFR Part 73. The Security Plan revisions should not be made available for inspection, and not be placed in the public document room.
