TRANSMITTAL OF THE CPSES CONTROL ROOM
SIMULATOR CERTIFICATION REPORT

REF: TU Electric letter logged TXX-92166, from
William J. Cahill, Jr. to NRC dated April 1, 1992

Gentlemen:

In accordance with the provisions of 10CFR55.45(b)(5)(ii) and (b)(5)(vi), TU Electric herein submits the four-year Simulator Certification Report. Per the letter referenced above, this submittal represents the combined four-year certification activities for both Units 1 and 2, and henceforth, TU Electric will consider the anniversary date for submittals to be from the effective date of this submittal.

There are no uncorrected performance test failures nor have the performance tests administered changed since the initial certification submittal. The performance tests now in-effect will remain in-effect during the next four-year period, with approximately 25 percent of the performance tests administered per year. The Simulator Certification Testing schedule is enclosed with this submittal.

Sincerely,

William J. Cahill, Jr.
