Log: GN-216

Gentlemen:

The following is submitted in response to I.E. Bulletin 82-04.

This IE Bulletin addresses deficiencies in hard epoxy electrical penetration assemblies manufactured by Bunker Ramo. Plant Vogtle utilizes penetration assemblies manufactured by Conax and not the hard epoxy assemblies produced by Bunker Ramo.

This reply contains no proprietary information and may be placed in the NRC's Public Document Room.

Very truly yours,

D. O. Foster
D. O. Foster

CWH/DOF/tlp

D. O. Foster states that he is the Vice President and General Manager of Vogtle Project and is authorized to execute this oath on behalf of Georgia Power Company and that to the best of his knowledge and belief the facts set forth in this letter are true.
