Subject: Proposed Amendments to OSTR Technical Specifications

Gentlemen:

Further to my telephone conversation this morning with Mr. Al Adams of the Non-Power Reactor, Decommissioning, and Environmental Projects Directorate, I would like to submit a corrected replacement page 14 for the proposed revisions to the OSTR Technical Specifications. The enclosed page corrects a typographical error in the basis of Specification 3.7.1 where the word "times" had been mistakenly written as "items".

Thank you for the opportunity to correct this oversight. If I can be of any further assistance in your review of our request please let me know.

Yours sincerely,

Brian Dodd  
Director
