Subject: Stop Work Order No. 019 - Structural Steel

Dear Mr. Keppler:

On June 23, 1982 a Stop Work Order was initiated on structural steel installation. A recovery plan was developed to correct the deficiencies associated with the Stop Work Order.

Illinois Power Company has completed the portions of the recovery plan which are necessary to lift the Stop Work Order. The appropriate procedures and instructions have been revised and training has been accomplished and documented.

It is requested that you review Illinois Power Company's actions and concur in lifting the Stop Work Order on structural steel installation.

Sincerely yours,

D. P. Hall
Vice President
