Dear Honorable Judges:

I am writing in regard to Dr. Carpenter's statements at today's status conference in which he referenced a document recently provided to the Board by Ms. Mitzi Young, Esq., of NRC Staff. Intervenor's counsel reviewed their files upon returning from the conference. In this review we were unable to determine the identity of the document to which Dr. Carpenter referred. We believe that he may be referring to a letter dated July 28, 1994, to which Ms. Young attached several documents which were identified in the Group Analysis that were not exhibits to the OI Report. If this is the case Intervenor would like to point out to the Board that the attached documents were created by GPC, with the possible exception of the partial transcript of tape 90, and not NRC Staff. If this is not the case, Intervenor's counsel would ask that the Board identify to the parties the document to which Dr. Carpenter referred.

Thank you for your attention to this matter.

Respectfully submitted,

*Mary Jane Wilmoth*
