Spent Fuel Storage Expansion

Gentlemen:

A telecon on March 21, 1983, with Mr. Guy Vissing and Mr. Owen Rothberg of the NRC resulted in a request for additional structural information to our response ØCANØ383Ø7 submitted on March 7, 1983, concerning the proposed spent fuel storage expansion. The structural evaluations performed by Structural Dynamics Technology, Inc. for both spent fuel pools are enclosed for your review.

Very truly yours,
