RE: J.A. Fitzpatrick Nuclear Plant, Power Authority, State of New York Power

Dear Mr. Sellin,

Please send the schedule for the inspection for cracks of the core shroud at the J.A. Fitzpatrick Nuclear Power Plant (Power Authority, State of New York Power) to the above address.

Also, I am requesting you send on the schedule and inspection program for the reactor internals at J.A. Fitzpatrick Nuclear Plant, as the NRC is studying the twenty-four other reactor internals. If the schedules for the inspections of the reactor internals is not available, please indicate why this issue has not been prioritized at this time.

Thank You.

Sincerely,

Bill Mazza
