Fitness For Duty (FFD) Six-Month Report

GNRO-94/00109

Gentlemen:

Attached is the Grand Gulf Nuclear Station (GGNS) Fitness for Duty Program performance Six-Month Report. This report is being submitted in accordance with 10CFR Part 26 for the reporting period January 1, 1994 through June 30, 1994. The information contained in the attached is based on statistical data and trend analysis compiled by means of the GGNS Fitness for Duty Program.

Should you require additional information, please contact Mr. H. F. Cooper at (601) 368-9820.

Yours truly,

CRH/RSJ/mtc

FITNESS FOR DUTY SIX-MONTH REPORT

JANUARY 1, 1994 THROUGH JUNE 30, 1994

Management Action:

Management actions enhancing the Fitness for Duty program during this reporting period were:

- o A change in 10CFR26 reduced random drug testing from 100% to 50%.
- o Management is looking at a new computer software program "Heidi" that will enhance the random drug testing program. Heidi is a drug program manager that will allow Entergy to use one database at all four sites instead of three different systems that we currently use. Heidi is also a data tracking system that will give the sites the ability to compile information, do reports and track statistics more easily. No decision has yet been made.

Fitness for Duty Initiatives Taken:

- o The new Heidi software was tested at each site and recommendations were returned to management.
- o The annual Fitness for Duty audit was conducted from May 17, 1994 through June 3, 1994. The overall audit results indicated that the Fitness for Duty Department met all applicable requirements and is being effectively implemented.

Random testing rate during this period was 14.2%.

Effectiveness Evaluation:

- o The Fitness for Duty Section continues to update and revise Fitness for Duty procedures based on operating experience, lessons learned and NRC audits conducted at other nuclear sites.
