Reference: Letter to R. W. Starostecki from Corbin A.
McNeill, Jr. dated September 17, 1982
(Serial No. JAFP 82-0984)

Dear Mr. Starostecki:

The referenced letter committed the FitzPatrick Maintenance Department to develop a schedule system for review of procedures. That task has been accomplished, and all Maintenance Department procedures are now entered into a computer program using a TRS-80 computer. The program has a time clock and can automatically annotate the procedure index for those procedures that are approaching a review date.
