SUBJ: SNUPPS Program Plan for
the DCRDR

Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Reference: SLNRC 83-0019, dated 04/15/83: Generic Letter 82-33

Dear Mr. Denton:

The referenced letter discussed SNUPPS' proposed schedule for completing each of the basic requirements contained in NRC Generic Letter 82-33, Supplement 1 to NUREG-0737, Requirements for Emergency Response Capability. The attachment to this letter is provided in response to the requirement for a Program Plan describing the Detailed Control Room Design Review and is responsive to all NRC comments with respect to a DCRDR. This transmittal is provided within the revised schedule as agreed by the USNRC in a telecon on May 31, 1983.

Very truly yours,

Nicholas A. Petrick
