EPP/IP Issue 7, Rev. 1

50-334

To All Holders of Emergency Preparedness Plan, Implementing Procedures:

Please find attached the latest copy (Issue 7, Revision 0) of the BVPS Emergency Implementing Procedures (EPP/IP) for your information and use. These procedures will become effective January 31, 1983. Please destroy any previous copies of this Volume (Volume II) to avoid misinformation or error. The BVPS EPP, Operating Manual Chapter 57, consists of two (2) volumes: the Plan which is Volume I and the Implementing Procedures which comprise Volume II.

The entire set of Implementing Procedures is being reissued at Issue 7, Rev. I to facilitate numerous changes and additions as a result of previous drills and the annual review and update of the EPP/IP.

If you have any questions regarding this latest issue of the EPP/IP, please contact Donna Miller at 393-5767.
