Dear Mr. Madsen:

On March 1, 1983, we verbally informed your Mr. R. G. Taylor of a deficiency identified regarding HVAC hangers which were fabricated at variance with design documents. We have submitted interim reports logged TXX-3651 and TXX-3671, dated March 29, 1983 and May 11, 1983, respectively.

We are continuing our evaluation and anticipate completion of our evaluation by August 1, 1983.

Very truly yours,
