Dear Sir:

The NRC was notified of a potentially reportable deficiency in
Reference (A), an Interim Report was transmitted by Reference (B), a Time
Extension was requested by Reference (C), and a Time Extension was
requested by Reference (D). At that time, it was estimated that a Final
Report would be available by March 23, 1983.

Due to the extensive evaluation required, it is now expected that this
information will be finalized by April 13, 1983, when a complete report
will be submitted.

There is no change to the Interim Report at this time.

Very truly yours,
