DOCKET NUMBER 50-322  
PRO

Dear Members of the Commission:

I am writing to support the request of Suffolk County Executive Peter F. Cohalan, dated February 23, 1983, that the NRC Commissioners immediately decide whether the Shoreham licensing proceedings should be terminated.

The current continuing uncertainties over Shoreham's status are not beneficial to the public interest. I strongly believe that Shoreham should not operate. Clearly, the Suffolk County legislature in a bi-partisan 17 to 1 vote, rejected the evacuation plan. Therefore, I urge you to terminate the Shoreham licensing proceeding as quickly as possible.

Sincerely,

George J. Hochbrueckner  
Member of Assembly
