Commitment for Emergency Operating Procedure  
Flowchart and Support Procedure Changes,  
dated April 27, 1994.

Subject: Revision of Commitment for the Emergency Operating  
Procedure Flowchart and Support Procedure Changes

Implementation of the Emergency Operating Procedure (EOP) flowcharts, and Procedure Generation Package (PGP) which supports the EOP flowcharts has been delayed from September 5, 1994 as stated in reference 5 until September 20, 1994. During verification of the Plant Support Technical Guidelines some areas needing enhancement were identified resulting in minor changes to the EOPs. The delay will not affect operator training which is currently in progress. The additional time will be used to perform a human factors review of the revised flowchart steps, generate the flowcharts, and verify their correctness.
