Dear Bob:

I have looked into the question you raised in your letter of May 14 on our story on Saxton. We checked back with our original source and found that there was one misunderstanding, a small one, in that the words "AEC inspection" should have read "AEC-requested inspection".

However, the Saxton official stated that his original statement did say delay was caused by the inspection.

I don't know whether you want to pursue this any further. If you do please let me know.

Sincerely yours,
